Description	Bank Only
Total assets	250,915
Total liabilities	214,980
Total shareholders' equity	35,934
Net profit	4,611
Earnings per share (Baht)	5.00

Board of Directors' Opinion: The Board recommends the shareholders to approve the Statement of Financial Position and Statement of Comprehensive Income for the year ended December 31, 2022, of the Bank.

Required votes for resolution: The resolution for this agenda item requires the majority votes of the shareholders who attend the meeting and cast their votes.

**3. To acknowledge the interim dividend payment and approve the appropriation of profit arising from the year 2022 operations and dividend payment**

Objective and Reason: In the year 2022, the Bank recorded a net profit of Baht 4,610,705,428, increased by Baht 608,510,004 from year 2021.

In compliance with the Public Company Limited Act B.E. 2535 and the Bank of Thailand's regulations, the dividend payment shall be paid based on standalone financial statement on cash basic after full appropriation of required statutory reserve. As the statutory reserve of the Bank already reached 10% of registered capital, it is therefore not required to appropriate the statutory reserve for the year 2022, according to the law.

Consequently, the Bank's full year profit and unappropriated retained earnings for the year ended 2022 based on standalone financial statements are shown as follows.

<i>(Unit: Baht)</i>	
Unappropriated Retained Earnings (December 31, 2021)	21,619,443,675
Net Profit for the year 2022	4,610,705,428
Adjust non-cash item	33,448,323
<b>Unappropriated Retained Earnings</b>	<b>26,263,597,426</b>
Interim dividend payment from profit arising from 2022 operations	(3,372,937,753)
<b>Remaining Unappropriated Retained Earnings as at December 31, 2022</b>	<b>22,890,659,673</b>

For the year 2022, the Bank had net profit for the year at Baht 4,610,705,428. Adjusting for non-cash item of Baht 33,448,323 and on January 18, 2023, the Bank paid interim dividend at rate of Baht 3.66 per share amounting to Baht 3,372,937,753, then, the available remaining unappropriated profit from 2022 operations will be Baht 1,237,767,676. The Board therefore recommends the shareholders to approve the additional dividend payment of Baht 0.80 per share, amounting to Baht 737,254,154, making the total dividend payment from year 2022 operations of Baht 4.46 per share, amounting to Baht 4,110,191,906.

The proposed dividend payment will be equivalent to total dividend payout ratio of 89.1% of the net profit for the year 2022, compared to dividend payout ratio of 49.9% for year 2021.

The capital level of TISCO Bank at year ended 2022 was strong with the BIS ratio of 23.4% and Tier I ratio of 19.6%, compared to the regulatory requirement of 11% and 8.5%, respectively, which was considered sufficient to support growth and withstand any uncertainties and volatilities in the foreseeable future.

However, to further strengthen the capital position, the unappropriated retained earnings from the remaining net profit for the year 2021 will be appropriated as capital fund. In addition, the remaining profit arising from the year 2022 operations after annual dividend payment will be appropriated as regulatory capital fund. Given the dividend payment, the available capital level is still sufficient for the potential growth in the future and well above the regulatory requirement.

Board of Directors' Opinion: The Board recommends the shareholders to acknowledge the interim dividend payment and approve the appropriation of profit arising from the year 2022 operations and dividend payment as follows:

- No legal reserve appropriation because the Bank's reserve has reached the amount required by laws.
- Appropriation of profit arising from the year 2022 operations as dividend payment for common shareholders and preferred shareholders at Baht 4.46 per share of which the Bank paid interim dividend at rate of Baht 3.66 per share on January 18, 2023 amounting to Baht 3,372,937,753 and will pay the remaining dividend at the rate of Baht 0.80 per share of approximately Baht 737,254,154, making total dividend of Baht 4,110,191,906 to shareholders, with the record date to determine the list of shareholders entitled to receive dividend on April 24, 2023, and the dividend payment shall be made on May 10, 2023.
- Appropriation of unappropriated retained earnings from the remaining net profit for the year 2021 as regulatory capital.
- Appropriation of remaining profit arising from the year 2022 operations after annual dividend payment as regulatory capital fund.

Required votes for resolution: The resolution of this agenda item requires the majority voting of the shareholders who attend the meeting and cast their votes.

For consideration of Agenda 1: To ratify the Board of Directors' business activities conducted in 2022

**Report from the Board of Directors**

In 2022, just as it was emerging from the Covid-19 pandemic, the global economy faced another major challenge in the war between Russia and Ukraine. The ongoing conflict has presented hurdles to the recovery and has contributed to a surge in inflation and cost of living among major economies, prompting many countries to tighten their monetary policy through interest rate hikes. Leading the charge, the US Federal Reserve has raised interest rates seven times to combat skyrocketing inflation, reaching a multi-decade high of 4.50-4.75%. Thailand's economy was not spared from the jump in inflation and consumer purchasing power has been constrained despite the country's post-Covid reopening. In response to the record-high inflation, the Bank of Thailand has raised its policy rate from 0.50% to 1.50% at the start of 2023, while still attending to keep economic recovery smooth. Thankfully, Thailand's crucial tourism sector has regained health with 2022 seeing a jump in tourist arrivals to over 11 million, following the resumption of international travel. Despite the tourism recovery, the domestic economic outlook still appears to be lagging behind regional peers.

Through the ups and downs of 2022, TISCO Bank has remained resilient with focused business strategies while adhering to prudent risk management principles. Growth has been revived in several core businesses, and subsequently TISCO Bank managed to deliver remarkable performance with a net profit of 4,611 million baht, up 15.2% from the previous year. The lending portfolio returned to growth for the first time in three years at 8.0%. The growth was underpinned by business recovery as Thailand's economic turnaround resulted in new corporate loan & SME loan drawdowns in selective business sectors. In the retail core business, TISCO Bank has put a greater focus on high-yield businesses, aiming for sustainable risk-adjusted return and portfolio diversification into areas of greater opportunity. As a result, TISCO title loan under "*TISCO Auto Cash*" and "*Somwang*" brand demonstrated outstanding loan growth in 2022. Amid myriad uncertainties, TISCO Bank has been prudent with its loan underwriting while simultaneously offering comprehensive assistance measures to customers in need. Hence, asset quality remained intact with NPL ratio declining from 2.18% at the end of 2021 to 1.80%. With our good discipline in provisioning practice, TISCO has also built up solid position against any future potential risks with a robust loan loss coverage ratio of nearly 279%.

On top of asset expansion, fee-based business in the banking area also broadly recovered, driven by strong growth in bancassurance business after years of being subdued. With focus on customer value, TISCO Bank leveraged growth from economic recovery while also utilizing strong network of business partners within the insurance business ecosystem. On the other hand, capital market businesses have been more volatile with poorer investment sentiments, due to global market turmoil following escalated inflation problems and tightened monetary policy. A sharp correction in global equity and fixed income markets dampened investor confidence worldwide, thus affecting our wealth management business performance. Meanwhile, during the year TISCO continued to strengthen wealth management brands and expand service capability to be prepared for market turnaround.

Through the year, digital solutions were also extended as service channel as well as new innovative client acquisition and interaction platforms. In retail area, TISCO My Car application were upgraded to become a customer touchpoint which provides all the useful information and additional services for retail loan clients. New top-up loan feature was also introduced to offer clients with easy access for liquidity at their fingertips. In wealth business, TISCO My Wealth applications were upgraded to provide real-time update on financial and investment information, additional features for customer acquisition and services, as well as increasing products on shelf for clients to choose from. This innovation in digital channel has enabled TISCO Bank to maintain best hybrid advisory services and provide solutions for customer needs in this fast-growing digital era.

Reflecting our core value to create sustainable return for all stakeholders, TISCO was granted the “ Outstanding Company Performance” award at the SET Awards 2022 for the second consecutive year. This award reflects resiliency in business performance amid various challenges. TISCO Bank delivered top-tier Return on Equity (ROE) at 13.1% with a solid capital ratio (BIS) of 23.4% . We are proud that “TISCO” is now widely perceived as a successful brand, particularly in generating long-term business value. Indeed, TISCO boasts one of the highest brand values according to the CBS valuation tool and received “*Thailand’s Top Corporate Brands Award*” from Chulalongkorn Business School for 2 consecutive years. Excellent services at TISCO Bank stem from our teams’ competency and commitment to their work. TISCO Bank staffs are equipped with skills and expertise and strive to conduct service with integrity. This positive work environment comes from TISCO Bank’s priority to ensure employee satisfaction and engagement. We seek to foster employees’ creativity and joy with our long-time stand to be a “*Happy Organization*”.

TISCO Bank incorporates sustainability across all business dimensions, cultivating good governance and integrity along with knowledge and competency in all employees. In our loan underwriting process, we focus on environmental support through green financing and reduction of environmental footprint in order to promote a sustainable, low-carbon economy. It is part of TISCO Bank’s culture to utilize our expertise to help society with financial solutions in regards to debt management and to educate the community with financial knowledge on savings and retirement planning in order to create financial stability in the long run. By taking into consideration ESG, TISCO Bank plays a direct role in building responsible banking principles in Thailand. As a result of these efforts to expand sustainability, TISCO received the “*Rising Star Sustainability Excellence Award*” at the SET Awards 2022.

The outlook for 2023 is still clouded by global economic slowdown, continuation of high inflation, ongoing geopolitical tensions, and China uncertainty. Thailand’s export sector is expected to be subdued due to declining demand from US and Europe where energy crises and surging cost of living are taking a toll. On the brighter side, Thailand is expected to sustain recovery momentum thanks to its high exposure to tourism-related activities and the resumption of domestic consumption. Still, high household debt and decreased debt serviceability could hinder the speed of recovery. The rising interest rate cycle, coupled with the resumption of FIDF cost to normal level, would also present another key challenge to TISCO Bank operations and performance going forward. Nonetheless, TISCO Bank is entering the new year with more upbeat growth prospects, aiming for expansion in products with healthy risk-adjusted return in the areas of good business opportunities.

The Board would like to thank our shareholders, clients, and business partners for their long-term support and trust in TISCO Bank, and would like to express special appreciation to our management team and staff for their commitment to the company. We wholeheartedly believe that with our teamwork and professionalism, TISCO Bank can manage any challenges and thrive for the years to come.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with

Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I am responsible for the audit resulting in this independent auditor's report.

2. In counting the voting results for each agenda item, the Bank will deduct the total votes of shareholders or proxies attending the meeting at the meeting room or via electronic media as “*For*” by deducting “*Against*” and “*Abstain*” of votes from the total votes of shareholder entitled to vote attending the meeting and proxies.
3. The announcement of total votes counted, there will be announcement of votes counted as “*For*”, “*Against*”, and “*Abstain*”, invalid ballots and not entitled to vote. The total shares, under shareholders, present at the meeting both physically and via electronic media, will be counted. In case the shareholders leave the meeting while the meeting is in progress, the votes of such shareholders will be deducted from the system.
4. One share shall be counted one vote and the majority of votes shall be deemed a resolution for agenda of the number of directors. Voting on only one aspect with all voting rights shall not apply to voting for the appointment of directors in agenda of approving the number of directors and the appointment of directors. The shareholder and/or the proxy may vote to elect all directors by equally splitting votes for each director or specifying the number of votes for certain directors. The Bank has implemented cumulative voting for director appointment, as details are stated in Section 23 of the Bank’s Articles of Association, to allow minority shareholders to exercise their rights in the nomination of directors. The cumulative voting procedures are as follows;

- (1) Each shareholder shall have a number of votes equal to the number of shares multiplied by the number of the directors to be elected.
- (2) Each shareholder may exercise all the votes he or she has under (1) to elect one or several persons as director of directors. If several persons are to be elected as directors, the shareholder may allot his or her votes to any person in any number.
- (3) After the vote, the candidates shall be ranked in order descending from the highest number of votes received to the lowest and shall be elected as directors in that order until all of the director positions are filled. Where the votes cast for candidates in descending order are tied, which would otherwise cause the number of directors to be exceeded, the remaining elections shall be made by drawing lots.

Example: A listed company has 1,000 paid-up shares holding by the following shareholders;

Mr. A holds 600 shares,  
 Ms. B holds 200 shares, and  
 Other 8 shareholders hold 200 shares

At the shareholders' ordinary general meeting, the Bank wishes to elect 3 directors. There are 3 existing directors due for retirement, namely Mr. Kanok, Mr. Hiran, and Mr. Annop. Mr. A, a major shareholder, proposes that the existing 3 directors are re-elected for another term. Meanwhile, Ms. B proposes a new director, Mr. Pitsanu, for election.

Voting example:

Mr. A has the right for 1,800 votes (600 shares x 3 directors)  
 Ms. B has the right for 600 votes (200 shares x 3 directors)  
 Other 8 shareholders have the right for 600 votes (200 shares x 3 directors)

Shareholders	Voting Results				Total Votes
	Mr. Kanok	Mr. Hiran	Mr. Annop	Mr. Pitsanu	
Mr. A	600	600	600	-	1,800
Ms. B	-	-	-	600	600
Other shareholders	200	200	-	200	600
<b>Total</b>	<b>800</b>	<b>800</b>	<b>600</b>	<b>800</b>	<b>3,000</b>

As a result, Mr. Kanok, Mr. Hiran and Mr. Pitsanu will be elected as directors.

As the above example, the cumulative voting for director election would allow minority shareholders to propose their candidates and elect them as representatives in the board of directors.
